

4 YEAR-OLDS

Concept: Patterns

Materials

1. File Folder
2. Red, Blue, Yellow Construction paper
3. Pocket for back of folder

Instructions

Cut out six 1" squares of yellow, red, and blue construction paper. On the inside of a file folder, draw a simple house on the upper right hand corner of the file. Then make a path to the home starting at the bottom left hand corner by gluing a red, yellow, blue, red, yellow, blue square next to each other. Draw the rest of the path to the house. Glue a pocket on the back and label the file **To My House**. Laminate the file and the remaining squares. Put the file and small colored blocks out. Challenge the children to finish the path using either the laminated pieces or the blocks.

To My House
